

Ps 27:1-3 The LORD *is* my light and my salvation; whom shall I fear? The LORD *is* the strength of my life; of whom shall I be afraid?

You thought this was ALL propaganda against Islam, no this is the truth, my story is real and so am I. I love Muslims and do not hate them. This is not about propaganda but true love. Originally my family came out of Iran, from the tribal identity of Lewi.

Some of my family settled in India purchasing large amounts of land in ancient times and the rest remained in Iran with whom we lost contact after the partition in 1947. This was a time of terrible suffering for the Indian people with a civil war raging, my father who was six years old had to flee for his life to safety with his family. I was born in Lahore (Pakistan).

Meet Rabbi Simon Altaf who would have thought a journey that started in Islam finished here. For Simon's books click the [link here](#)

Is Islam “Truth?” No!

I used to pray, fast, give charity – until one day my whole life changed.

I was working at an investment bank when I am certain what I can only describe as G-d’s voice. I was told to follow him. I had asked G-d before where is salvation? He had directed me through his presence to go back to Moses for truth.

Doing my previous religious acts did not give me the peace I was searching for in my life until G-d directed me to go back to Moses. For a certain period I thought where do I go to find the voice of the G-d of Abraham. I frequented the Church through some people I met, but realised that the Churches did not practice truth. When I looked back at Moses I realised, we needed to keep the 7th day Sabbath, seven annual festivals and of course kosher food laws. However the Church was completely the opposite, no Sabbath, no annual festivals and certainly no Kosher food laws. I met some wonderful Christians through, who were kind but I also met some hostile ones who hated the Torah of Moses.

Just as my previous religion of Islam was in vain with no peace with G-d, so was this religion of Christianity in vain. I stayed for a few years trying to teach the people Torah and prophecy in Churches but I realised ultimately most will reject the Torah and I would not be any better off staying in these messianic churches. So I waited on G-d to direct me. Then G-d directed me to come out and I left the Church.

I then ran into issues with Christian slandering me for plural marriage, which is a Torah ordinance. I knew then that those that reject the marriage lifestyle of my forefather Abraham who had four wives, Isaac who had 2 wives, Jacob 4 wives, Moses 3 wives and of course King David with 18 wives would never receive the truth and only wanted cheap gentile doctrines. I knew it was futile to argue with these people as they were stuck to their dogma. Many were happy with the gentile fellowship they get there and not really into truth. They were happy with Jesus being G-d, which is a gross idolatry.

My goal was to serve the G-d of Israel and not appease people around me. Since I had already lost my marriage with my ex Muslim wife for rejecting Islam, then the second marriage with the Christian wife also folded into disaster as she rejected Torah and slandered me publicly for plural marriage with her so called Christian friends, this charade is stil likely on the internet how a man of G-d is put down. G-d told me to hold my shalom and remain silent. I did.

I left the church system as utterly corrupt. Then G-d gave me to translate the Hebrew Bible, while I was translating the Hebrew and Greek NT I realised the number of problems in the text of the New Testament. I saw a lot of corruption,

additions, subtractions, not just spelling errors but change of doctrine too. The New Testament had man made theology where a man became G-d. Then the virgin birth. None of this lined up with the Torah. I knew this was an issue that to speak about such would cause immense issues with the people I knew and G-d had not permitted me to speak.

I just waited for G-d to direct me when to speak the truth and left it where it was. I started to tell the people who the real children of Israel are, Negroes who came in captivity in the West. Also I knew many who were in Pakistan and India from the tribes.

Then in 2013 as G-d directed me, I started telling people the NT was only secular and not sacred to steer them back to the Torah, the prophets of old. I had already directed that many shemites were actually black Negro people who had become part of the Transatlantic slavery and under curses. Most out there think that the children of Israel are the Caucasian Jews (these converted to Judaism in Khazaria near the Caspian Sea in the 8th Century CE). Another uncomfortable truth most in Churches did not want to hear or talk about.

I was not part of any Church system so I started to teach as G-d directed me. G-d had told me I had a mission on my hand and that I was part of the restoration of true Israel and I needed to teach the Torah and I was to leave everything else behind. The rest was G-d's prerogative. I did exactly as G-d directed.

Many years back when I first came out of Islam I was on more than \$100,000 salary. G-d had broken my comfort zone to see if I was faithful to him and I showed full faith. Later in 2015 G-d told me when I was on a different job still earning over 100k that I must leave my job and walk. I am not a dreamer and hardly dream. G-d gave me a dream to walk after him and resign from the job. I resigned from my job two days later without fear. My colleagues were utterly shocked. I told them its time to go, G-d calls.

I knew because I went to Israel to repent with some members of the tribe of Judah and Ephraim in 2014 May as part of a prophecy of Hose 5:15, from the East and West that things were no longer going to be the same. G-d had lifted my level of understanding another two notches.

My task as a Kohen became much more responsible. I could no longer just take a back seat. I had to correct everything to do with idolatry and help our people to remove idolatry from their midst to be prepared for the second Exodus. I told people the truth as G-d instructed me that Jesus was not G-d, nor any kind of Messiah. If Jesus prays to G-d (Matthew 11:25) then that shows he is not G-d. He also directed people as a Rabbi to pray to the Father in Matthew 6. Most people can't see that he was only a man.

That rocked a few boats for sure. Do I really care? No. I just walk with G-d as did Moses. He had told me in 2004 in Israel that I was like Moses to dig the staff in the ground and living waters will rise and heal his people and I will go country to country to proclaim the Torah truth. The time we went to Israel to repent at the real Jerusalem site, in Tel Arad, the real House of King David's tabernacle, after our prayers there when I entered the court of the priests only permitted to the Kohanim, one day after Israel had the largest rain fall indicating G-d had accepted our prayers.

I encourage all of you to walk after Torah and reject all man made idolatries just as I did. For more info please see my videos on youtube;

Everything I had taught on prophecy ten years ago is also now coming to pass. I had taught that a group of extremist Muslims will rise in the middle-east and destroy many things, kill many people. They will try to destroy Saudi Arabia. I also taught that Britain and other EU nations will expel extremist Muslims when they start committing local terrorism acts with the call of Jihad and remove their nationalities. This is now a reality. How did I know this 10 years ago? G-d revealed these things to come. I hope and pray that you too with find peace with G-d like me through his everlasting Torah.

Editor's Note: Rabbi Simon has written a powerful book exposing Islam and we would like to encourage you to obtain a copy.

He has also written a book to help witness to Muslims and their objections called "Dear Muslim - Meet YHWH the God of Abraham."
